

The image shows a modern interior space, likely a lounge or meeting area. The ceiling is a key feature, with a large section of orange slatted panels on the left and a white section with recessed linear lighting on the right. The walls are white, with large, abstract, curved wooden or metal structures mounted on them. The floor is covered in a light-colored carpet. In the foreground, there is a large, light-colored leather sofa. To its right, there is a long, low, light-colored leather sofa. In the center, there are two modern, light-colored armchairs with black bases. A low, round, glass-topped coffee table with a black metal base is in the center. A large window with sheer curtains is on the right side of the room.

About ArPM

ArPM is an innovative design collaboration offering specialist architecture, project consulting, interior design and access consulting services.

Through our national network, we are able to draw upon expertise and 'local knowledge' in each region to provide cost sensitive, locally relevant and fully compliant development solutions.

Each one of ArPM's Directors complements the others, with a unique set of skills, many years of valuable industry experience, and specific areas of expertise, presenting a formidable package.

We provide exceptional client focus, access to a highly professional team that offers a broad range of specialist services, consistency across all projects, and a collective approach to creative outcomes.

Whether planning a new building or looking for ways to optimise an existing one, ArPM offers a broad range of design services, including:

- Architecture
- Project consulting
- Interior design
- Master planning
- Building audits
- Access consulting
- Compliance management and gap analysis
- Funding analysis
- ACFI maximisation
- Health facility planning and management
- Green Star compliance
- Custom joinery
- Graphic visualisations.

Service Delivery

With local offices in Canberra and Hobart, ArPM are your architects of choice, for a project completed with excellence, on time and on budget.

Our qualified and highly experienced architects and interior designers are able to work seamlessly as an integrated part of a team to deliver an enriched design solution.

Project Stages

- **Brief Formulation:** Analysing the needs, wants, thoughts, requirements and vision of our clients.
- **Concept Design:** Applying a lateral thinking process to create workable solutions.
- **Design Development:** Exploring feasibility, materiality and details of concept. Firming up associated budget.
- **Documentation:** Producing working drawings and schedules of fixtures and finishes for construction.
- **Tender:** Producing documentation and specification for tender and assisting with tender analysis.
- **Project Administration:** Attending site to ensure building work reflects design documentation and responding to contractor or supplier queries.

Key clients include:

OneCare	Royal Darwin Hospital
ACT Housing	Alice Springs Hospital
Howards Storage World	Commonwealth Bank
Royal Hobart Hospital	State Government/s
Masonic Care Tasmania	Christian Homes
UTAS	

Corporate

A creative office design boosts staff morale, increases productivity and elevates a company's brand in the market.

At ArPM, we provide innovative solutions for corporate environments. We offer architecture and design that enhances working conditions in a flexible and contemporary way by translating the functional planning and activity space specification into a comprehensive, room-by-room detailed fit-out.

We understand the fine balance between expenditure and nett gain in workplace functionality and staff performance. Our experienced team will work with you to develop a strategy that will allow you to balance your business, functional and performance requirements with staff wellbeing.

Balance your business functions and performance requirements with staff wellbeing

Education

Nurturing learning environments positively impact students, allowing them to learn, develop and thrive in a safe, healthy and stimulating environment.

We strive to create spaces that encourage a passion for learning and facilitate student engagement, enquiry and imagination. This is achieved through the strategic integration of technology, imaginative selections, the application of appropriate materials, finishes, graphics, signage and sound ergonomic principles.

Our work encompasses both public and private client sectors, including primary, secondary and tertiary education. We have applied our skills to a variety of student learning and staff support spaces in both new build and redevelopment projects.

Aged Care & Seniors' Living

Sensitive, informed interior design is a critical component of a facility's success as an appropriate setting for the ageing.

We believe in creating healing and enriching environments, with rooms and living spaces that are comfortable, stylish and homely, but which still maintain a suitability for resident care.

With our attention to detail and past experience, our expert team of specialist Seniors Living interior designers will work with you to create quality interior environments that meet the needs of residents and staff.

Hospitality & Retail

At ArPM, we deliver interiors to the hospitality industry that create atmosphere and deliver an enhanced consumer experience.

We understand the need to create unique, aesthetically pleasing and comfortable spaces for your clientele and staff to enjoy.

We believe that simplicity is key to a successful interior, requiring logical planning of spaces, circulation, and adjacencies; and simple, easy to understand design.

ArPM will consult with you to understand your brand and clientele, and deliver a design that people will want to keep returning to, whilst utilising the space to its best advantage.

Regardless of your theme or vision, ArPM can design to your requirements and budget.
